

# COVID-19 Vent Management

## Jacob Lyons, MD Critical Care Medicine

### Objectives:

At the conclusion of this presentation, participants should be able to:

- Choose an initial ventilator mode, tidal volume, PEE, PiO<sub>2</sub>, and respiratory rate.
- Interpret display values and make corresponding adjustments.
- Recognize common problems in the early phase of mechanical ventilation.

### Disclosure:

Dr. Lyons, planners, and CME staff have no relevant relationships to disclose.

### Steps to View and Obtain CME:

1. View content: [Play Recording](#)
2. Complete online evaluation/attestation of participation using the link below:  
**DO NOT USE THE QR CODE/LINK FROM THE RECORDING**
