The Science of Practicing Medicine: Prescribing Opioids to Older Adults: Things to Consider

Becoming a Learning System

Heather Bell, MD
Kurt Devine, MD

Objectives:

At the conclusion of this presentation, participants should be able to:

- Describe opioid prescribing that increases risk of overdose.
- Recount aging processes that may increase risk of opioid in this patient group.
- Review co-prescribing risks and adverse events.

CentraCare is accredited by the Minnesota Medical Association to provide continuing medical education for physicians.

CentraCare designates this live activity for a maximum of 1.00 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Please contact the Medical Staff Development Office at (320) 255-5836 if you have special needs.
