The Science of Practicing Medicine: Delirium in the Adult and Pediatric Populations

Becoming a Learning System

Clair Drom, MD

Michael Carpenter, MD

Evalyn Michira, MSN, RN, PHN, AGCNS-BC

Facilitators, planners and CME staff do not have any relevant financial relationships with ineligible companies to disclose.

Objectives:

At the conclusion of this presentation, participants should be able to:

- Identify the signs and symptoms of delirium and psychopharmacologic and non-psychopharmacologic treatment in children and adolescents.
- Identify standard pharmacologic and non-pharmacologic management practices in cases of adult delirium.
- Describe HELP (Hospital Elder Life Program) components including the program roles and requirements.

Please contact the Medical Staff Development Office at (320) 255-5836 if you have special needs.

CentraCare is accredited by the Minnesota Medical Association to provide continuing medical education for physicians.

CentraCare designates this live activity for a maximum of 1.00 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
