Winter/Spring APP CME Event

Understanding the Basics of Hereditary Cancer Syndromes

Emily Mayerhofer, MS, LCGC

Speakers, planners and CME staff do not have any relevant financial relationships with ineligible companies to disclose.

Objectives:

At the conclusion of this presentation, participants should be able to:

- Recognize certain risk factors and patterns seen in hereditary cancer syndromes.
- Have increased awareness on how identifying a hereditary cancer syndrome for an individual (and their family) can help ensure appropriate screening and surveillance.
- Identify patients that would benefit from genetic counseling and feel more confident in the referral process.

CentraCare is accredited by the Minnesota Medical Association to provide continuing medical education for physicians.

CentraCare designates this live activity for a maximum of 1.00 *AMA PRA Category 1 Credit*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity which includes participation in the evaluation component, enables the learner to earn credit toward the CME requirement(s) of the American Board of Surgery's Continuous Certification program. It is the CME activity provider's responsibility to submit learner completion information to ACCME for the purpose of granting ABS credit.

Please contact the Medical Staff Development Office at (320) 255-5836 if you have special mobility,
