## Pre-Diabetes and Diabetes Management 2024

**Donna Harris, APRN, CNP, BC-ADM**

Speakers, planners and CME staff do not have any relevant financial relationships with ineligible companies to disclose.  
Donna may discuss off-label use of medicines for pre-diabetes.

### Objectives:

At the conclusion of this presentation, participants should be able to:

- Identify criteria defining prediabetes in nonpregnant individuals.
- Identify first line agents for type 2 diabetes management based on comorbidities of CAD/ASCVD, heart failure, and chronic kidney disease versus glucose lowering and weight loss.

### Steps to view and obtain CME:

1. View Podcast Recording at [one.centracare.com](https://one.centracare.com)
2. Complete online evaluation/attestation of participation using this [link](#) by 12-27-2024:

CentraCare is accredited by the Minnesota Medical Association to provide continuing medical education for physicians.

CentraCare designates this enduring material for a maximum of .25 *AMA PRA Category 1 Credit*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity which includes participation in the evaluation component, enables the learner to earn credit toward the CME requirement(s) of the American Board of Surgery's Continuous Certification program. It is the CME activity provider's responsibility to submit learner completion information to ACCME for the purpose of granting ABS credit.

Please contact the Medical Staff Development Office at (320) 255-5836 if you have special mobility, vision, hearing, or other needs.
