The Science of Practicing Medicine

Opioid Use Disorder

Andrea Petersen, MSN, PMHNP

Alix Stalmakov, DNP, PMHNP-BC

Alix may discuss medications for substance use treatment that are not FDA approved for that indication, or have not been FDA approved for ages under 18, however, are used 'off label' and have been studied for these implications. Speakers, planners and CME staff do not have any relevant financial relationships with ineligible companies to disclose.

Objectives:

At the conclusion of this presentation, participants should be able to:

- Explain treatment options with medication assisted treatment with opiate use disorder.
- Explain macro induction and micro induction and which patient population would be appropriate for their uses.
- Understand when to refer to specialty addiction services for addiction related needs.
- Identify other special populations that may receive Suboxone and how this may differ for them.

CentraCare is accredited by the Minnesota Medical Association to provide continuing medical education for physicians.

CentraCare designates this live activity for a maximum of 1.00 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity which includes participation in the evaluation component, enables the learner to earn credit toward the CME requirement(s) of the American Board of Surgery's Continuous Certification program. It is the CME activity provider's responsibility to submit learner completion information to ACCME for the purpose of granting ABS credit.

This education offering has been designed to meet the Minnesota Board of Nursing continuing education requirements for 1 contact hour. It is the personal responsibility of each participant to determine whether this activity meets the requirements for acceptable continuing education by the licensing organization.

To earn contact hours, participant must attend all sessions and complete an evaluation form.

Please contact the Medical Staff Development Office at (320) 255-5836 if you have special needs.
